Community Studio – working on a fee schedule and scheduling tool. Then will be launched.

Digital Resources & the Toolkit – recently updated with new tools

Community Roundtables – monthly zoom sessions planned thru june. Turnout is low but enthusiastic. We will continue them and grow engagement. Possibly look at some in-person ones.

Arts Guide – starting to advertise registration opportunities. Working on back end to tie membership and arts guide together for better user experience.

Performing Arts Sector has restarted their full page ads in the Record. We support that by navigating the cost and invoicing out to participating groups.
